Mercedes-Benz Classic Online Parts Search

Mercedes-Benz Classic continually produces parts for classic vehicle series, in order to ensure the long-term availability of a full range of such parts. As a result, some 50,000 genuine parts are always available. To render the availability of these genuine parts transparent to everyone, the Classic Online Parts Search has been established as a swift and simple means of presenting the availability of parts with their valid prices in Germany, promotion parts and newly produced parts in a clearly arranged manner. Once the user has found the part they are looking for, it can be ordered from any authorised Mercedes-Benz service partner, as the Group's own sales and logistics network guarantees the swift supply of a comprehensive scope of parts worldwide. History of mobility in
Museum cases

A case full of history

Starting now, the Mercedes-Benz Museum is offering visitor groups from day nurseries and kindergartens cases containing educational material which enable the permanent exhibition to be explored with all the senses. The concept is tailored to two age groups: visitors aged from two to four years and from five to seven years. It helps children to experience the permanent exhibition of mobility since 1886 in an intuitive way appropriate to their age.

ABS testing at the
Stuttgart-Untertürkheim

Anti-lock braking system 40 years old

From 22 to 25 August 1978, Mercedes-Benz and Bosch presented the anti-lock braking system in Untertürkheim. A world first, this digital driver assistance system redefined the partnership between driver and car. ABS was available in the S-Class (model series 116) from the end of 1978. Forty years ago, this development was also the starting signal for a unique story of innovation in digital assistance systems, culminating in today’s Mercedes-Benz Intelligent Drive Next Generation.

Combine a visit to the stadium with the VfB special exhibition

VfB Stuttgart 1893 e.V. has turned 125 this year - and the Mercedes-Benz Museum is celebrating the occasion with special openings on two Friday games: at VfB's home games on 21 September and 2 November 2018, the Mercedes-Benz Museum will be open until 8 pm. Last admission on both days is at 7.30 pm. This makes it possible for the atmosphere in the stadium to be ideally combined with a visit to the special exhibition "On the move since 1893" to mark VfB's anniversary at the Mercedes-Benz Museum. During the special openings, visitors will have a chance to win season tickets to the special exhibition along with other prizes. Further information: <http://mb4.me/edljji6z>

Great-granddaughter of Bertha and Carl Benz: Jutta Benz celebrates her 75th birthday this year

She has a famous surname: Jutta Benz. On 1 October 2018 the great-granddaughter of Bertha and Carl Benz is 75 years old. As a Mercedes-Benz Brand Ambassador she regularly appears at automotive classic events. Jutta Benz often drives the Benz Patent Motor Car at these events - as effortlessly as her great-grandmother Bertha once did. The wife of the inventor of the car, Carl Benz, wrote the history of mobility in 1888 with the first long-distance car journey from Mannheim to Pforzheim.
